A varied and interesting program has been arranged and all lovers of gymnastic work and the popular game of volley ball are insured a pleasant evening. AN EDUCATION IS AN INVESTMENT

"A practical education insures permanent employment. It is not an expense nor a luxury, but a necessity—an investment that pays the largest dividends. It is capital that has a market the world over, and cannot be lost, stolen, spent or destroyed. Idle moments are like single bricks. A single brick has little commercial value, but thousands of them laid one upon the other make the mighty skyscraper. It is so with odd moments. One of them in itself means nothing, but enough of them judiciously used in acquiring knowledge and improving the mind means a good education and a brilliant mind. A brilliant mind is an accumulation of time spent in study."

GYM CLASSES START WEEK OF OCTOBER 12TH**Added Features Certain to Please New and Old Members**

The 1925-26 schedule of Physical Department activities has been mailed to all Pine Torch readers. It is a convenient vest pocket size and gives in detail all classes of the Boys and Men's Department. Carry it with you and show your friends what is going on at Pine Street.

This program will be set in motion fully on Monday, October 12th. All members are requested to pick out their class and register during opening week, (Oct. 4-10) and be ready to start Monday.

We are prepared for the largest attendance in our history, new features have been added and they are sure to please our old and new members. Physical training is being recognized more and more each day as an absolute necessity. The body played and health are synonymous, everybody is vitally interested in his health and hence gymnasiums throughout the country are crowded. Our group is no exception and if we are to meet present day demands we must keep physically fit or in other words in the best of health.

Calisthenic Drill with Music

Calisthenics have long been recognized as a means of getting maximum good from very pleasing simple exercises. The department has been supplied with a piano and our calisthenic drills will be given to the time of popular airs and peppy marches. Everybody will enjoy it and if you do not earn a hearty meal and sleep well after a day in the gym, you will be the one man out of step in the entire company.

EDUCATIONAL COMMITTEE EXPECTS MORE THAN 300 TO REGISTER BEFORE OCT. 10TH

The Executive Committee at a recent meeting reviewed the outlined courses to be offered through the "Y" Evening School and approved of the faculty. It is the opinion of the Educational Committee that more than 300 men and women would avail themselves of this opportunity for a thorough training along commercial lines offered at the "Y" this year. Detailed information will be published in the next week's issue of the local papers concerning Tuition, Terms, Faculty and Schedule of classes. Register today for the course of your choice.

BOYS' DIVISION NEWS

Classes Started Wednesday

A large crowd of happy Midgets entered the gym at 4:30 Wednesday for the first time this fall, and a gleeful bunch of Juniors reported to Bible Class at 5:30 on that same day. The first bunch of Intermediates were tickled "green" when class rooms opened for them at 5:30 Tuesday and the Seniors were happy to begin again at 6:30 on that same day. From now until the Big Opening Exhibition on the 9th these lads will be getting set to show off and get down to business. From all signs 1925-26 is going to be a great BIG year for "Y" boys.

BOYS' WORK STAFF ADDS SECRETARY

The boys of "Pine Street" will be happy to learn that Mr. R. K. Smith, who won a place in the hearts of the Seniors last summer, when he conducted their classes and activities, will give his entire time to the Boys' Division from now on.

Mr. Smith came to St. Louis about a year ago to see what kind of work he would enjoy most and after a little taste of work with "Pine Street" boys he has decided that he wants to work with them. Won't it be fine to have a great big, good-hearted friend to help us to have good times while we're growing up to four-square manhood. So that some fellows might know the kind of record he has I believe it is sufficient to just state that he was one of the greatest foot ball tackles his college has ever had. Nuff sed

As Mr. Smith comes into the Boys our good friend Fred Young goes over to help Mr. Woodson give you a jim dandy physical program this year. We'll miss Fred in the lobby (if he can keep out) and know that he's going to show real

class as a Physical Department assistant. God speed them both.

BRICK BATS AND BOUQUETS

Well boys, here we go again for another big year of "Y" activities. Let's all kick in like good fellows and help make this a bigger and better year than last. Whatcha say fellows?

Suppose you fellows have seen the Boys' Division 'Financial Black List'? Quite a few notable figures on it, isn't it? That's an honest-to-goodness shame, fellows, and honest-to-goodness shame.

Glad to see that some of the boys are having their names scratched off of that disgraceful piece of paper. The only way to do that is to show us the color of your kale.

We sure have got a fine bunch of fellows to start our program off with this fall. And a fine bunch of fellows to direct them—Messrs. Steward, Cook, Smith and Brantly. Some Boys' Work Staff—eh bo!

Looks as if we'll have quite a few "Pine Street" boys on Sumner's football team this season. Work hard fellows, you know what we expect of you.

We hear that Blackshear and Horn have but one handicap. They may not be able to get foot-ball shoes large enough.

But Baker overcomes a handicap. He only had three on one hand.

LEADER-TRAINING CLASS COMPLETES COURSE

The preliminary Fall Leader Training Class ended its course with a Big Bean Banquet, Tuesday night and the veterans and rookie leaders are already on the job. Much credit is due the boys who gave 15 stright nights and a Sunday afternoon to this course. Only a very few dropped out before the finish. Among

At 8:30 a gymnastic exhibition of the different gym classes and Boys Gym Team will demonstrate the various gym stunts, exercises and games and—

At 9:30 the greatest water carnival ever undertaken by "Pine Street Y" boys will begin in the swimming pool. Fancy swimming and diving, life saving exhibitions, water races and stunts will feature.

Nobody interested in a boy or our boys could spend a more enjoyable and profitable night than that with the boys on Friday, October 9th, starting at 7:30 p. m.

the new members of the class who made splendid records were Earl Maupin, Edward Coburn, Frank Casey did well. Robert Hayman, Nehemiah Hoins and I. V. Collier showed signs of becoming splendid club leaders. Sol James fell out and A. Stanton didn't seem to enjoy the Physical program—but all showed that they will someday find large fields for their labors as leaders.
